

The Beaver Bites Badge can be earned in one of two ways.

Method One: Log 30 kilometres of hiking on Beaver Valley Side Trails. You cannot count the same side trail more than once.

Method Two: Complete and log the eight prescribed hikes. The hikes include seventeen different side trails. (There are many other side trails that are not included in these eight hikes.)

The hikes can be done independently, on organized group hikes, or in combination.

Include dates and locations in your log. Refer to the "Badge Submission" section on our Beaver Valley Bruce Trail Club Website, for badge requests and payment options.

NOTE: These requirements have been updated as of October 27, 2025. If you have already started to earn your Beaver Bites Badge under the old requirements you may continue to do so.
